

THE Draft KL 2020 CITY PLAN NEEDS YOUR ATTENTION!

The 3 volume Draft KL 2020 CITY PLAN released by DBKL in May 2008 will be gazetted in Parliament later this year, with the aim of developing KL into a World Class City.

The Draft KL 2020 CITY PLAN addresses issues like public transportation, access for disabled, park and open space provision, river quality, hill development, etc.

All 180,000 plots of land in KL will be officially zoned for a specific use (residential, industrial, commercial, etc.) according to 20 different land uses and densities.

THE Draft KL 2020 CITY PLAN AFFECTS YOU!

- if you are a land/property owner
- if you value your immediate surroundings
- if you value Kuala Lumpur as your City and home

IN VERY MANY, MANY WAYS! For example:

- Congestion will increase in your neighbourhood if any vacant land has been changed from “public institutional land” such as a police station, to “commercial land”...as is planned for Jalan Travers police station.
- The forested hill that you enjoy for recreation might be cleared for upper-end residential development ...as is planned for Bukit Gasing.
- Your local wet market may not be there next year if it is not shown in the plan ... as is the case with the half day wet market in Taman Lucky.
- The children’s playground/open space in your neighborhood that you have taken for granted might be rezoned for high-rise development.

Once gazetted the zoning for land use cannot be changed.

THE Draft KL 2020 CITY PLAN NEEDS YOUR FEEDBACK!

DBKL welcomes opinions and suggestions from the public as part of this city making process:

1. Visit their website <http://klcityplan2020.dbkl.gov.my/eis> to view plans and make an e-opinion at http://klcityplan2020.dbkl.gov.my/eopinion/form_index.php by **30 August 2008**.
2. Contact your local MP’s office for information.
3. Visit lawyer Derek Fernandez talking about the Plan on [The Fairly Current Show](#).
4. Embed Episode #8 from [The Fairly Current Show](#) on YOUR blog or web page!
5. Download the video from [The Fairly Current Show](#) to your phone and show your friends!
6. Visit <http://visionkl2020.blogspot.com> and let us know what YOUR vision for KL2020 is!

Every Opinion Counts!
